ONE COPY—ONE CENT.

Is your straw hat in the ring?

The loss on the Michigan School for the Deaf at Flint, destroyed by fire, will total \$600,000.

When No. 1 left Vanceburg Sunday morning there were 97 deadheads aboard, says The Vanceburg Sun.

Memorial services for the old veterans of Aberdeen and vicinity will be held in the Baptist Church at that place Sunday afternoon at 3 o'clock, Rev. Edward Keenan of Cincinnati making the address.

300,000 FREIGHT CARS

Required to Move the Grain Crops of Three States

A total of 300,000 freight cars, enough to make a train 2,000 miles long, will be required to handle the grain crops in Kansas, Nebraska and Oklahoma, according to estimates made by officials of railroads running through these states.

Kansas will likely require 45,000 cars for its crops.

All roads are working their car repair departments day and night to be ready for the rush of traffic.

ENDORSED AT HOME

SUCH PROOFS AS THIS SHOULD CONVINCE ANY MAYSVILLE CITIZEN

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Maysville adds one more to the many cases of Home Endorsements which are being published about Doan's Kidney Pile. Read it.

Mrs. John E. Burns, Maysville, Ky., says: "The testimonial I gave in 1908, when I publicly recommended Dr. Kidney Pile's still holds good. I know that this remedy is just as represented as it has been used by one of my relatives with satisfactory results. This remedy was obtained at Wood & Son's Drug Store."

WOMAN'S TRIALS.

The burdens a woman has to carry through life are many but they can be lightened if she will turn to Dr. Pierce's Favorite Prescription. A soothing and strengthening nervine—subduing nervous excitability, prostration, hysteria, hot-flashes and the many symptoms which may be caused by distressing ills peculiar to women. For those "dragging-down" pains or distress and for the derangements and irregularities the "Favorite Prescription" has had many thousands of testimonials from people living in every part of America. Another important thing to every woman is that this medicine is made from efficient medicinal roots, without the use of alcohol, narcotics, or any injurious agents. Full list of ingredients given on bottle-wrapper and sworn to by Dr. R. V. Pierce—who is President of the Invalids' Hotel and Surgical Institute, at Buffalo, N.Y. Every woman is invited to write to this Institute and receive confidential and sound medical advice, entirely without cost from one who makes the diseases of women his specialty.

I can cheerfully recommend your remedies, especially your "Favorite Prescription," for all female disorders," writes Mrs. M. M. MORRELL, of Bluff City, Tenn., Route 2. "During the past seven years I suffered from pains in the back and ovaries. Tried many remedies but found only transient relief until I was introduced by friend to Dr. Pierce's Favorite Prescription. After giving this remedy a fair trial, I found that it would do just what it is recommended to do. I used in all seven bottles. I cannot speak too highly of Dr. Pierce's remedies for all female derangements."

SOON BE TIME TO DIP SHEEP

The sheep owner who does not use a disinfectant dip is throwing away profits. You might almost as well not shear your sheep as not to dip them. Dipping sheep in Kres-Dip kills every form of parasitic life—mites, fleas, ticks and the invisible germs of disease. It is far better for the fleece and safer for the sheep than lime and sulphur or tobacco dips. Although it is more powerful than carbolic acid, a sheep might swallow a quart of Kres-Dip solution (1 part Kres-Dip to 100 parts water) without injury. Kres-Dip can be used wherever a strong disinfectant, insecticide or germicide is needed. Far better than carbolic acid, copperas or chloride of lime. Kills lice and fleas on poultry and stock; cures cholera in hogs or poultry and has a wider general usefulness than any other preparation of the kind. Let us give you some printed matter.

KICKERS' CORNER

If any one at any time for any reason has any cause to "kick" in any way at anything of any kind, here's the place to say his say. The door is open—walk right in and help yourself, free gratis and for nothing—but don't make your "kicks" too long—it's the short, quick fellows that count—and cut.

The name of the kicker must accompany the kick, or it'll be kicked into the waste-basket.

A SUFFERER WANTS TO KNOW

Dear Editor of The Ledger:

We note in your yesterday's impression the mournful wail at the "general apathy" of the citizens in their failing to take steps for the oiling of the streets of our city, and voicing the loud lamentations of our City Fathers, who like the sparrow that "sitteth on the house-top," sadly shake their heads at this civic indifference of our people.

Really Mr. Editor, instead of lamenting this condition, why do not our city fathers, like those of every wide-awake town and hamlet in the State, directly assume and promptly discharge this civic public duty of oiling the streets? Why should each individual resident be directly or indirectly taxed, be it only for one-third of the cost thereof, for oiling the street in front of his property, when the entire public is benefited thereby?

If the city strews rock before my door, gentlemen of the Committee on Streets, you charge the general public fund therewith. You don't charge the public fund with two-thirds and me with one-third of the cost thereof. Because it is a menace to public health, you volunteer to haul from my premises (and actually haul from the premises of many citizens) the debris accumulated for a year, and you charge the general public fund therewith, and all citizens approve of that charge, because it is for the public health. Why not charge the general public fund for the oiling of the streets, which, scientifically considered, is immeasurably more conducive to the public health? If the county, whose duties regarding public health are not so clearly defined as are the duties of the city, can oil its pikes, and, with the approval of the citizens of the county, charge the public fund not with two-thirds of the cost thereof, but with all of it, why cannot the city of Maysville do likewise?

Get busy, gentlemen of the Council, and protect the health of the citizens and promote their comfort by oiling the streets. Let not the bagatelle of a mere one-third of the cost of oiling cause you to balk or hesitate in the performance of a grave public duty. In most Kentucky towns and hamlets the streets have been oiled for a month, and that at the entire cost of the town or hamlet. Don't wait until November to follow suit, do something, and do it now. Your solicitude of saving to the general taxpayer the bagatelle of one-third of the cost of oiling is indeed a magnanimous attitude, but if displayed in matters of far less importance hygienically than oiling the streets, and where vastly more money is at stake, it is believed it will be generally more appreciated by your suffering constituents.

A SUFFERER.

In order to settle up the estate of Joseph R. Traylor, deceased, I will offer at public sale, to the highest and best bidder, on the premises, corner East Second street and Plum alley, Fifth Ward, Maysville, Ky., on

Monday, May 27th, 1912
